nice game. Well-written. Has some nice references a rock fan will appreciate. I was playing as Pink Floyd type band, but I believe, you can have a punk, grunge and metal band. There are some plot lines going nowhere and GUI is not getting better from game to game, but I still like Choice of .. This game was okay in the moment, but then had too many random terms. I have been in hetero relationships the entire time and all of a sudden I am dating the same sex randomly at the opening of a chapter. Wtf?? I thought this was *my* character. I stopped playing after that. Nothing against same-sex relationships, but I perceived this as more of a giant programming glitch or bad writing.. nice game. Well-written. I actually read through this one before it made it to Steam, and unfortunately I just couldn't get into it. As a metal head, that was pretty disappointing. Honestly, I have to give this one a 4/10.. The choose-your-own adventure game I've been waiting for! Choice of the Rock Star isn't one of the longer or deeper Choice of Games, but it's full of charm and each playthrough is just the right length to make me want to dive back in to live a different life, with a wide range of possibilities for your band and career. I recommend this game to anyone who's ever loved music.
